Hi, Kevin,

Looks like you may have left for the day. I spoke with Tom, who suggested that we keep the deadline of COB Monday, 7/17. He said that if someone needs more time, we will give it to them.

Thanks!

Have a great weekend,

Marti

I didn't get "out-of-office" replies from any of the Panel members. But, it does seem like a short time for them to review. Should we give them a few more days – until COB Wednesday, July 19?

John Reeder has not participated in any Panel deliberations. He did send an email message on 5/9 to Francesca in reply to her sending out the "final" report and letter. In his email message, he did not comment on the documents, but he did tell Francesca that he knew that she was trying to get in to meet with the Administrator and asked if she needed help with that.

Thanks,

Marti

Yes.

We may need to adjust the date even further if someone is on vacation.

Also, can you check to see if John Reeder have ever participated/provided comments?

Thanks.

Hi, Kevin,

Tom S. suggests that I send this out again, giving the Panel until COB Monday to provide any comments.

Is that all right with you?

Thanks,

Marti

Importance: High

Dear All,

Thank you, again, for participating in the Scientific Integrity Panel on Sierra Club allegations regarding Administrator Pruitt's remarks about climate change and whether they violated the Scientific Integrity Policy.

Attached are the last drafts of the Scientific Integrity Review Panel's report and the Agency's response to Sierra Club. This is your last chance to suggest any changes. We are about to send these to Bob Kavlock.

Thank you for your help with this.
